1. EXECUTIVE SUMMARY

Ratlou Local Municipality is a Category B municipality. The municipality administrative seat is situated in Setlagole village in the Ngaka Modiri Molema District Municipality. Council has 28 elected Councillors.

The **Vision** of Ratlou Local Municipality is to be a *"Performance-driven and participatory local municipality"*.

The **Mission** is *"To provide excellent services through consultation for sustainable development"*.

During the compilation of this document, council visited all the corners of the municipality to get the views of the community on its performance and especially on areas that need improvement. A listed of needs was compiled and council selected the following as key priorities:

Provision of Water and Sanitation, Job Creation, Poverty Alleviation, Provision of Electricity, Improved Roads And Community Infrastructure, Reduction of HIV and AIDS Infections and other Diseases, Improve Government Facilities Services to the Community, Create Safe and Secured Environment, Housing Development

Although the municipality is not authorized to provide basic services of water and sanitation, it still plays a role of coordinating and facilitating the provision of these services. Capital projects that the municipality will be implementing during the 2014/2015 financial year include roads, provision of community infrastructure such as halls and Thusong Service Centre and Taxi Rank facility amongst others. These projects will be primarily funded through the **Municipal Infrastructure Grant** at a cost of **R27 464 000.00**

Sector departments were also part of the compilation of this document and as a result projects of these departments form part of this IDP. This is seen as a positive development in intergovernmental cooperation.

2. INTRODUCTION

The Draft Revised IDP/Budget 2014/2015 is a third review to be tabled to Council after the adoption of the five year IDP/Budget 2012 - 2017 (that was made in terms of Section 25 of the Municipal System Act, 2000 (Act No. 32 of 2000) which was adopted on the 14 March 2012 following the local government elections held in May 2011. The review is done in line with Section 34 of the Municipal Systems Act, 2000 (Act No. 32 of 2000), which states that:

“A Municipal Council –

(a) must review its integrated development plan

(i) annually in accordance with an assessment of its performance measurements in terms of section 41; and

(ii) to the extent that changing circumstances so demand; and

(b) may amend its integrated development plan in accordance with a prescribed process”

This document should therefore be read with ***Ratlou 2012/2017 Integrated Development Plan*** as reference will be made to it in some sections for environmental consideration and to avoid unnecessary repetitions. As a result the reader will be referred to the 2012/2017 document, which is more detailed in some of the sections.

3. SITUATIONAL ANALYSIS

3.1 Introduction

This section contains an overview of the status quo of the internal and external environment of Ratlou Local Municipality. The first part provides an overview of the municipality while the rest of the section consists of the analysis of the statistics of the municipality from demographics, household infrastructure and development.

The statistics used here are derived from the *Census 2011, Global Insight and own municipal data*. This data, Census 2011 provides a more recent picture of development in the municipal area since the 2007 Community Surveys.

The availability of the 2011 Census and own municipal data enabled us to analyse the development in the municipal area from 1996 to 2011. In each of the areas covered by the statistics, a comparison is made between what was the level of development in 2001 and the situation in 2011. In this way the reader is able to make conclusions on whether there was real development in Ratlou Local Municipality or not.

3.2 Municipal Overview

Ratlou Local Municipality is a Category B municipality situated in the Ngaka Modiri Molema District Municipality in the North West Province. The municipality is predominantly rural in nature and is constituted by about 26 villages and commercial farms. The size of municipal area is 14, 618 km² with a population density of 24.37 per square kilometre and is divided into 14 wards.

According to the Census 2011, there are about 107 339 people residing in Ratlou Local Municipality.

3.3 Demographics

This section will provide the statistical data relating to the Ratlou Local Municipality's population based on factors such as age, race, sex, and economic status, level of education, income level and employment, among others.

- **Total Population**

The population size of Ratlou Local Municipality has increased significantly from 97 655 in 1996 to 106 165 in 2001, and then to 107 339 in 2011. This is an increase of 1174 people.

The growth rate in 2001 from 1996 was 1.5 and then 0.1 from 2001 to 2011. The decline in population growth could be attributed to the following factors:

- Migration
- Fertility and
- Mortality

Ratlou Local Municipality has the lowest growth rate in the District. Ngaka Modiri Molema

District Municipality (NMMDM) population growth stands at 1, a decline from 2 in 2001.

Ratlou 2011 population structure shows that there are more females than males. The sex ratios is 91.6 i.e. 51 310 males compared to 56 029 females. This implies that there are 91 males per 100 females. The sex ratio is the lowest in the district with Ditsobotla Local Municipality at 102 being the highest.

The average age in South Africa according to Census 2011 is 25 years. This is referred to as medium age i.e. anyone between 20 and 29 years old.

- Household Size**

The 2011 average household size for Ratlou is 4 compared to 3.6 of Ngaka Modiri Molema District Municipality (NMMDM). The average household size has decreased from 5.5 in 1996, 4.6 in 2001 and 4 in 2011. This has also decreased in the District for the years stated. This could be attributed to low fertility rate and out-migration.

Municipality	Total Population			Total Number of Household			Average Household Size		
	1996	2001	2011	1996	2001	2011	1996	2001	2011
DC38:NMMDM	691529	748254	823546	137904	180454	227001	5,0	4,1	3,6
NW381: Ratlou	98469	105544	106256	17926	23068	26889	5,5	4,6	4,0

- Population Group**

The white population has significantly increased from 381 in 2001 to 802 in 2011. Quite strangely the sex ratio in this group is 128.5 i.e. 451 males compared to 351 females.

The Indian/ Asian population has also shown a significant growth from 28 in 2001 to 227 in 2011. The sex ratio is shockingly high with 39 females compared to 188 males. It is not a

surprise as the males are mostly merchants.

The coloured population has grown by a small proportion i.e. 735 in 2001 and 750 in 2011.

The black population is the predominant group with 105 021 people in 2001 and 105 414 in 2011, an increase of 393 people. The sex ratio is 90.8 i.e. 50 161 males compared to 55 254 females

3.4 Household Infrastructure

- **Housing**

There are three types of housing structures in Ratlou which are distinct as follows:

- Formal Dwelling - a structure built according to approved plans, i.e. house on a separate stand, flat or apartment, townhouse, room in a backyard or rooms of flat let elsewhere.
- Informal Dwelling - makeshift structure not approved by a local authority and not intended as a permanent dwelling. Typically built with found materials (corrugated iron, cardboard, plastic etc.).
- Traditional dwelling - a dwelling made primarily of clay, mud, reeds or other locally available natural materials, this is a general term that includes huts, roundavels etc.

Census 2011 shows that number of formal dwelling units have significantly increased since 1996. This could be attributed to improved income and RDP housing developments that have taken place over the period.

Municipality	Formal Dwelling			Informal Dwelling			Traditional Dwelling		
	1996	2001	2011	1996	2001	2011	1996	2001	2011
DC38:NMMDM	113589	148909	186493	12362	19650	28618	11396	11396	8016
NW381: Ratlou	14761	19785	214133	650	1162	1413	2089	2089	953

The informal dwellings have also increased since 1996 and this could be attributed to demand for housing by young adult who have moved out from their parents' home or have just started their new families.

The traditional dwellings have decreased from 1996 and 2001 to 8016 in 2011. It could be attributed to replacement by RDP units, excision due to natural disasters or human actions influenced by modernity.

280 RDP houses have been built since 2011 and the current municipal housing need is 280.

- **Portable Water**

The number of households with piped water inside the yard has increased from 2078 in 2001 to 4269 in 2011. This increase could also be part of illegal water connections and also those

households who have drilled boreholes.

The households with no piped water outside the yard has increased from 13 597 in 2001 to 19 277 in 2011. This is also as a result of new stands that have been allocated.

Municipality	Piped Tap Water			Piped Tap Outside the Yard			None		
	1996	2001	2011	1996	2001	2011	1996	2001	2011
DC38:NMMDM	56736	77183	116441	48014	63181	78916	27164	40089	31644
NW381: Ratlou	2116	2078	4269	12573	13597	19277	2573	7393	3343

Households without access to piped water either inside or outside the yard, has decreased from 7393 in 2001 to 3343 in 2011. The number could have been reduced as a result of new bulk water projects that are being implemented by NMMDM.

- **Sanitation**

The Census 2011 reflects four types of sanitation facilities i.e. flush/chemical toilets, Pit Latrine, Bucket toilet and bush system (none).

The number of households with no toilets facilities for 2011 is 3376 which is alarmingly high compare to 1247 in 1996.

Municipality	Flush/Chemical Toilet			Pit Latrine			Bucket Toilet			None		
	1996	2001	2011	1996	2001	2011	1996	2001	2011	1996	2001	2011
DC38:NMMDM	30024	52804	72836	93515	106778	130005	6145	4596	2774	7544	16276	17078
NW381: Ratlou	205	585	1324	16338	18748	21488	55	57	65	1247	3677	3376

There are no bucket toilets in the municipal area contrary to Census 2011.

The number of households with pit latrine has been on the rise since 1996 until 2011. This could be attributed to number of VIP toilets (i.e. 978 units built) that were constructed by Ngaka Modiri Molema District Municipality and Department of Human Settlements.

The sanitation backlog is 6179 VIP units.

- **Electricity**

The electricity is categorised under use for lighting, heating and cooking. 22 498 household in 2011 were using electricity for electricity compared to 652 in 1996 and 17 615. This indicates that most household have access to electricity.

Municipality	Lighting			Heating			Cooking		
	1996	2001	2011	1996	2001	2011	1996	2001	2011
DC38:NMMDM	50415	127846	182600	37907	76525	125531	40044	77218	155141
NW381: Ratlou	652	17615	22498	459	5974	13095	506	5831	16478

The number of household using the same electricity for heating and cooking is 13 095 and 16 478 respectively. The number is lower compared to the one for those households using electricity for lighting. This could be as a result of cost saving attributed to high energy cost.

The electricity backlog is 1288 connections. The municipal Indigent Register has 11 286 households of which 6675 are receiving free basic electricity.

- **Refuse Removal**

Majority of households remain to bury their rubbish or solid waste. This is an environmental concern, especially contamination of underground water as a result of seepage. This would also affect negatively any plans for recycling projects in the near future.

Municipality	Removed by local authority			Communal/Own refuse dump			No rubbish disposal		
	1996	2001	2011	1996	2001	2011	1996	2001	2011

NW381: Ratlou	35	91	350	16505	21319	23920	1170	1658	2373

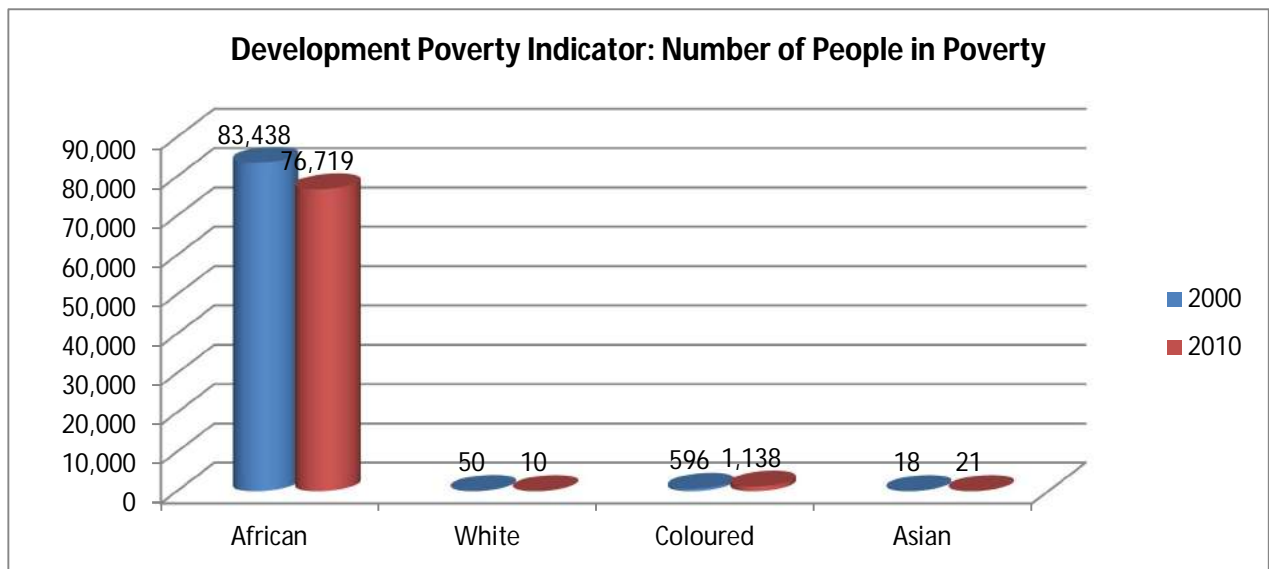

Community Works Programme (CWP) and Expanded Public Works Programme (EPWP) are being used for community cleaning within the municipal area.

3.5 Socio-Economic Profile

- **Poverty Indicator**

Regarding development, Ratlou Local Municipality has experienced a slight improvement characterised by an increase in the human development index from 0.33 in 2000 to 0.34 in 2010. This improvement is further confirmed by the fact that there was decrease in the number of people leaving below a dollar per day from 11,030 in 2000 to 425 in 2010. Although the graph below indicates that 69% of people in the municipal area were leaving in poverty in 2010, it also indicates a positive trend in that in 2000, this figure stood at 80%.

The graph below shows an improvement in the life's of the people of Ratlou in that there was an overall decrease of the number of people in poverty from 80% in 2000 to 69% in 2010, an improvement of 11% in a 10 year period.

Graph: Number of people in poverty (Source: Global Insight 2011)

With regard to the overview poverty, the graph below shows that the number of people living in poverty increased from 1996 and peaked at in 2002 to about 85 000 from which it shows a sustained decrease to 69% or 70 000 and still decreasing.

Graph: Poverty Overview (Source: Global Insight, 2011)

- **Education**

The literacy level (no schooling) has improved tremendously from 40.7% in 2001 to 28.9% in 2011, but this figure is small compared to the district average as indicate here below.

Municipality	No Schooling (%)		Higher Education (%)		Matric (%)	
	2001	2011	2001	2011	2001	2011
DC38:NMMDM	27.2	17.0	5.9	8.1	16.5	20.7
NW381: Ratlou	40.7	28.9	2.0	3.1	7.0	11.2

The percentage of matriculants has increased by 4.2% over the 10 year period.

- **Employment**

There are about 8812 people employed and 6885 of those unemployed. 6587 people are categorised as discouraged work-seekers. 35 542 people are classified as not economically active. This number is alarming high.

Municipality	Unemployment Rate (%)		Youth Unemployment Rate 15 - 34 Years (%)	
	2001	2011	2001	2011
DC38:NMMDM	47.1	33.7	58.9	44.1
NW381: Ratlou	61.3	43.9	69.9	52.4

The economically active population i.e. ages 15-64 comprises of 53.9% of the total population in 2011 same percentage as that of 2001.

Official Employment Status (2011)	DC38: Ngaka Modiri Molema	NW381: Ratlou
Employed	149,334	8,812
Unemployed	75,973	6,885
Discouraged work-seeker	41,366	6,587

Age less than 15 years	-	-
Not applicable	330,531	49,512
Total Population	842,699	107,339

There are currently 1240 people employed through the EPWP and CWP programme in the municipality.

- **Tourism**

Figure 21 shows that tourism domestic growth was above 30% in 2002 to 2003, dropped to negative growth between 2005 and 2008 and has since grown to just above 20% in 2010. The figure also shows that despite low and negative growth between 2002 and 2006, international tourism showed a healthy and steady growth to match domestic growth at above 20% in 2010. Efforts to promote tourism are clearly bearing fruit but need to be accelerated to surpass early growth of above 30% experienced in 2003.

Graph: Growth in Tourism (Source: Global Insight 2011)

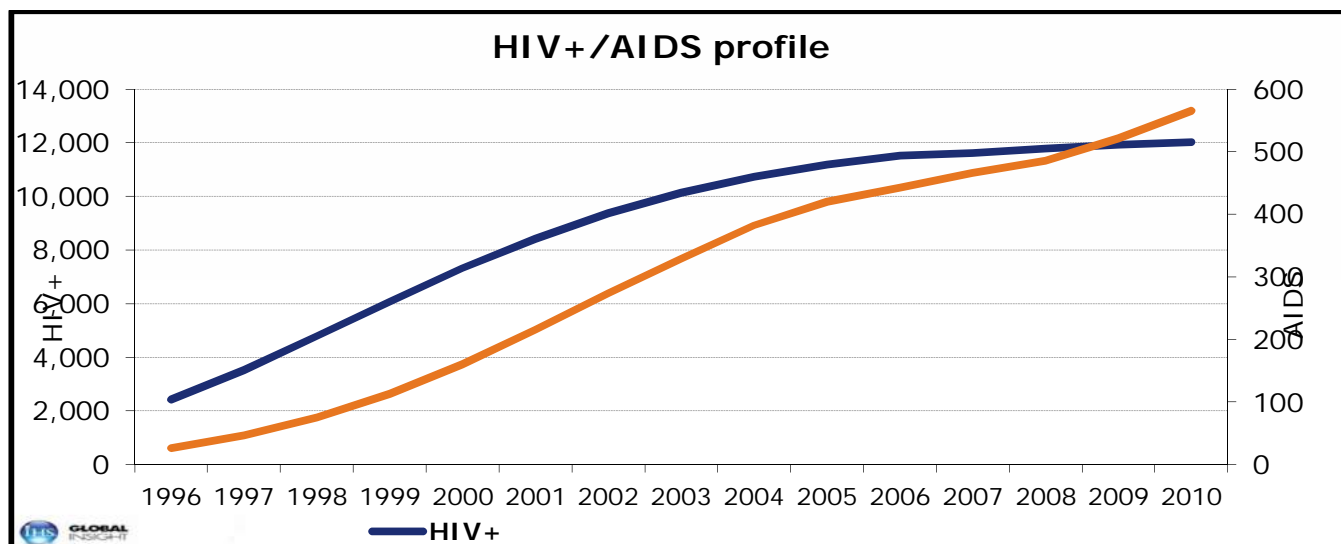

▪ Household Income

The annual household income has increased from R12 426 in 2001 to R32 154 in 2011. It is the lowest in the district and this is consistent to the lower employment rate in Ratlou and the fact that there are no larger industries within the municipal area as compared to the other local municipalities in the district

• HIV/AIDS Profile

Figure 3, reflecting the HIV/AIDS Profile shows a stabilization of HIV infections between 2008 to 2010 at around 12 000 in the blue legend of the graph but a continued increase in the development of full blown AIDS of between 500 and 550 individuals in the same period as shown by the orange legend of the graph. A test and treatment campaign could help reverse the development of full blown AIDS of infected individuals whilst a continued, sustained prevention programme could maintain and even reduce new infections as reflected in the blue legend of the graph.

5. ALIGNMENT OF IDP TO GOVERNMENT WIDE POLICIES, PLANS, PRIORITIES AND TARGET

In order to fully respond to the needs of the community and different stakeholders, Ratlou Local Municipality sought to align its planning with relevant government policies, plans, priorities and targets. The plan was therefore influenced by the following:

5.1 Millennium Development Goals

The municipality will employ the strategies contained in the table below to contribute to the attainment of the millennium development goals in its area of jurisdiction. Projects emanating from these strategies will be elaborated on the section of programmes and projects.

Goals	Municipal Strategies Support the MDG
Goal 1	Ratlou Local Municipality will support efforts to halve poverty and hunger by: <ul style="list-style-type: none"> • Support the war on poverty project • Distribute food parcels • Update the indigent register • Facilitate the provision of free basic services
Goal 2	The municipality will support the attainment of universal primary education by <ul style="list-style-type: none"> • Partnering with the department of education to support primary schools • Supporting the building of early learning centres • Provision of uniform and shoes to primary school children
Goal 3	Ratlou Local municipality will Promote gender equality and empower women through: <ul style="list-style-type: none"> • Gender Mainstreaming • Supporting women empowerment programmes • Targeting businesses owned by women
Goal 4 and 5	The municipality will contribute to the reduction of child and maternal mortality by: <ul style="list-style-type: none"> • Campaigning for the increase access to health facilities • Supporting efforts to build a hospital in its area of jurisdiction • Supporting healthy leaving campaigns of the department of health
Goal 6	All efforts to combat HIV and Aids and other communicable diseases will be intensified through: <ul style="list-style-type: none"> • Support to the Local Aids Council • Hosting of Awareness campaigns on HIV/AIDS • Participation in the voluntary programmes

Goal 7	Ratlou Local Municipality will contribute towards environmental sustainability by: <ul style="list-style-type: none"> • Strengthening the Municipal Health and waste management function • Extending refuse removal to all its villages • Facilitating the provision of clean drinking water and sanitation to the community
Goal 8	The municipality will develop a global partnership for development through: <ul style="list-style-type: none"> • Insisting on a transparent and accountable administration • Implementation of Anti-Corruption Strategy • Training of employees and councillors on good governance and ethics

5.2 National Government Priorities

The programmes and projects to be implemented by the municipality in 2012/2013 will also be geared towards supporting the governments five priorities of decent Jobs and Sustainable livelihoods, education and training, healthcare, fight against crime and corruption and rural development. Below follows a brief synopsis on how the plans of Ratlou Local Municipality will contribute towards the five government priorities.

- ***Decent Jobs and sustainable livelihoods***

The municipality will create opportunities for employment through the implementation of the reviewed LED Strategy and the recommendations of the Spatial Development Framework.

Furthermore sector departments will be encouraged to give preference to local people when vacant positions are filled.

In the short term the municipality will employ the expanded public works programme method in the implementation of all its projects to ensure that maximum numbers of local people are employed.

- ***Education and Training***

The partnership between the municipality, local schools and the department of education will be strengthened through regular interaction, in order to proactively deal with problems as they appear.

The municipality will increase the number of libraries and extend their operating times as part of the strategy to encourage learning and innovation within the community. The ICT centres will also play a role in education and training.

The municipality will also implement a number of learnerships to provide local people with work experience and training.

- ***Health Care***

Since the municipality is not authorized to perform the health function, it will continue to support the department of health in its programmes and efforts to keep the community healthy.

- ***Fight against Crime and corruption***

As mentioned under the Millennium Development Goals, the municipality will implement the Anti-corruption policy and strategy to intensify the fight against corruption.

With regard to the fight against crime in general, the municipality will continue to play a major role in the local policing forum at the levels of the municipality and the wards.

- ***Rural Development***

As a predominantly local municipality, Ratlou will strive to ensure that developments are done in areas where the residents live, without compromising their cultures and way of life.

The road and other economic infrastructures will be developed to minimize the cost of making business in the municipal area.

5.3 The New Growth Path

The New Growth Path (NGP) is aimed at enhancing growth, employment creation and equity in the country. Among others the New Growth Path aims to create 5 million jobs in 10 years as a result of massive infrastructure investment.

Ratlou local municipality as part of government has identified a number of initiatives to support the five priorities of the New Growth Path as depicted in the table below:

5.4 National Outcomes of Government

Ratlou Local Municipality fully adheres to the government's outcome approach. The municipality's response to the requirements of the outcome approach is contained in the five year strategic IDP of the current council.

5.5 Outcome 9: A Responsive and Accountable, Effective and Efficient Local Government System

Outcome 9 aims to ensure "A Responsive and Accountable, Effective and Efficient Local Government System". This outcome is most relevant to local government and has seven main outputs. The relevance of Outcome 9's outputs to Ratlou Local Municipality is also contained in the

five year strategic 2012 -2017 IDP of the current Council, which is available on request from the municipal offices or on the municipal website, www.ratlou.gov.za. National Development Plan

5.6 National Development Plan (NDP)

Ratlou local Municipality is also aligning its planning to fully contribute towards the realisation of the government's *Vision 2030*. In line with the spirit of the National Development Plan this IDP is also aimed at eliminating poverty and reducing inequalities in the Ratlou. Programmes and projects in this IDP fully support the priorities of the National Development Plan.

Priority	Municipal Contribution
<i>Green Economy</i>	<i>The municipality has identified 2 areas to be developed into parks as part of its greening strategy including planting 600 trees. Funds will be raised to support other environmental conservation projects such as the installation of solar energy</i>
<i>Agriculture</i>	<i>The municipality has identified agriculture as one of its priorities and catalyst to fight poverty and grow the local economy. Plans are in place to resuscitate crop and livestock farming.</i>
<i>Mining</i>	<i>Relationships between the municipality and the mines operating in its area of jurisdiction have been improved and as a result the municipality will play a more active role in the development and implementation of Social and Labour Plans</i>
<i>Manufacturing</i>	<i>The municipality will explore the feasibility of manufacturing especially of agriculture products</i>
<i>Tourism</i>	<i>A municipal Tourism Profile and Strategy is being developed to market the municipality's tourism attractions such as heritage sites and recreational facilities.</i>
<i>High level Service</i>	<i>Continuous interactions are being held with sector departments to ensure that residents of the municipality get optimal access to high level government services.</i>

6. MEC'S ASSESSMENT ON THE 2013/2014 IDP

The MEC for Local Government and Traditional Affairs conducted an assessment on the 2013/2014 IDP/ Budget of Ratlou Local Municipality as per Section 32 of the Municipal Systems Act 32 of 2000. The fifth column of the table below contains the findings of the assessment, while the sixth column is the municipality's response and effort to address the findings.

No	Applicable Section/ Regulation	Legal Expectation(s)	Probing Question(s)	Analysis Findings of the MEC	Ratlou's Response
1	Section 34(a) of Municipal Systems Act (32 of 2000)	Municipality to review its IDP (2012 - 2016 IDP)	Does the document indicate whether the municipality has reviewed its 2012 - 2016 IDP?	Yes. Page five (5) indicates that the draft IDP is a review of a five year plan that was adopted on 14 March 2012, and that the review was done in line with Section 34 of the Municipal Systems Act 32 of 2000 (Council Resolution 45/2013)	N/A
2	Section 28(1) of Municipal Systems Act	Adopted IDP Process Plan must indicate process to review the adopted IDP	Does the IDP Amendment document contain a process plan that was used to review the adopted IDP?	Yes. Page 24 and 25 indicate that the IDP Process Plan was adopted by Council on the 23 August 2012 (Council Resolution 45/2012) in line with section 28 of Municipal Systems Act (Act 32 of 2000). Detailed actual performance evidence is attached on as Annexure "B".	N/A
			Does the process plan indicate how communities were consulted in the review process of the adopted IDP?	No indication of how communities were consulted. However, Page 4 of the IDP indicates that during the compilation of the document, council visited all the corners of the municipality to get the views of the community on its performance and especially on areas that need improvement. – Furthermore, page 25 of the process plan indicates that public participation process is scheduled for. A newspaper public notice also illustrates the CBPs arranged as per ward for the review and amendment of the IDP, also, a copy of the attendance register for CBPs was sent to the DLGTA as evidence to the municipality's review process.	Details of Public Participation have been attached on Annexure A as documentary evidence or proof that indeed the Council had within its reasonable resources it has executed this task.

No	Applicable Section/ Regulation	Legal Expectation(s)	Probing Question(s)	Analysis Findings of the MEC	Ratlou's Response
	Section 28(1) of Municipal Systems Act	Adopted IDP Process Plan must indicate process to review the adopted IDP	Does the document indicate how was the community notified of particulars to review the adopted IDP?	There is no indication of how communities were notified of particulars to review the IDP even though the process plan indicates community consultations.	The findings could not be founded. Details of Public Participation have been attached on Annexure A as documentary evidence or proof that indeed the Council had within its reasonable resources it has executed this task.
3	Regulation 3(4)(b) of Municipal Planning and Performance Management Regulations (2001)	Publication of draft IDP document for public comments	Does the IDP Document contain evidence that the draft IDP was publicised for public comments?	The document does not provide evidence that the draft IDP was publicised for public comments, but a proof of publication "newspaper article" was provided to the DLGTA as evidence that the municipality publicised the draft IDP. And also, communities were able to access it at their local libraries, municipal offices and tribal offices, ward councillors and ward committee members.	Evidence is attached on Annexure A
4	Regulation 3(2) of Municipal Planning and Performance Management Regulations (2001)	IDP Review document to have to have proposal document to amending the adopted five – year IDP.	Does the submitted IDP contain proposal document to amend the adopted 2012-16 IDP?	No. However, the submitted IDP indicates that the review was done in line with Section 34 of the Municipal Systems Act 32 of 2000. (Refer to Page 5 of the IDP)	This is unfounded. The 2013/2014 IDP Review Process did not make any amendment to the 2012-2017 IDP.

Does the submitted IDP document contain proposal document to amend the adopted IDP of the municipality?	No. The IDP document does not contain proposal or a memorandum setting out reasons to amend the adopted IDP of the municipality.	This is unfounded. The 2013/2014 IDP Review Process did not make any amendment to the 2012-2017 IDP.
6	Section 27 of the Municipal Systems Act and Regulation 3 of Municipal Planning and Performance Management Regulations (2001)	Alignment of IDP Amendment procedure to municipal IDP Process Plan	Does the IDP Process Plan contain procedure to be utilized for amending the adopted IDP Process Plan?	There is no mention with regards to procedures utilized for amending the adopted IDP.	The municipality will formulate a procedure to be followed when reviewing and making amendments on its five-year IDP.

7. SPATIAL DEVELOPMENT FRAMEWORK

Introduction

Ratlou Spatial Development Framework was adopted by Council on 31 May 2012 in line with Section 26 (e) of the Municipal System Act, 32 (Act No. 32 of 2000). It is understood to be a revision of the old SDF which was earlier adopted by the Ratlou Council in 2005, but due to ever changing circumstances including legislative and policy clarity and evolvement, the SDF had to be revised.

The revision of the Spatial Development Framework as a legal requirement should fulfil the provisions of the Municipal Systems Act (Chapter 2) Integrated Development Planning: Local Government Municipal Planning and Performance Management Regulations, 2000.

In overall the SDF is the strategic planning instrument guiding our Municipality's decision making on all matters pertinent to spatial planning, land development and land use management taking into cognizance the intergovernmental system of planning, based on Intergovernmental Relations Strategic Framework.

Spatial Development Framework Revision

Having found the need to revise the SDF the municipality agreed on the following scope of work

- Analysis of the current spatial development imperatives and incorporation of inputs from various stakeholders.
- Conduct stakeholder/ participation on Ratlou Local Municipality and incorporate such in the final document.
- Alignment of the SDF to existing National, Provincial, and regional spatial perspectives
- Develop Spatial Development Plan for Ratlou Local Municipality

The deliverable where as follows

- A reviewed credible and working Ratlou Local Municipality
- Spatial Development Framework
- A Set of maps and plans depicting visual representation of the spatial form.

Public Participation Process

Public Participation in the SDF review process is one of the legal requirements. The right to participate in planning and decision making processes at local government is enshrined in the constitution of the Republic of South Africa. Public participation for the SDF was

completed recently and it was incorporated into the IDP consultation process. The response and inputs received from the traditional leaders and constituencies were very positive and encouraging and we will give feed back to them on the final decision of the council.

Status Quo Analysis

The status Quo Analysis presents the overall spatial picture of our municipality , that is the current situation, patterns and trends within the municipal area and includes the quantification of the needs and capacities of the of the municipality. The status quo analysis covered the following themes:

Socio-economic Conditions	Bio- physical Environment	Built Environment
----------------------------------	----------------------------------	--------------------------

RATLOU SPATIAL DEVELOPMENT OBJECTIVES

<ul style="list-style-type: none"> • To promote the creation of sustainable human settlement in Ratlou LOCAL Municipal Area • To encourage rural Urban Integration • To establish and promote good and functional land use Management in RLM • To unlock the development potential of identified development zones 	<ul style="list-style-type: none"> • To unlock the potential of Setlagole Commercial and administrative hub • To unlock the potential of Kraaipan as a heritage site • To unlock the potential of Disaneng as Tourism destination • To unlock the potential of Makgobistadt border
--	--

DESIRED OUTCOMES	
<ul style="list-style-type: none"> • Spatially efficient settlements • Sustainable use of resources • Comprehensive Rural Development 	<ul style="list-style-type: none"> • Local Economic Development • Inclusive Land Use Management System • Protection of the environment

Principles Guiding the Ratlou SDF

Spatial tools and concepts are needed to achieve the objectives and to address challenges currently identified by the municipality

Nodes	Areas of where a higher intensity of land uses and activities will be supported
Corridors	Corridors are links between nodes along which an increased intensity of development will naturally be attracted and should be encouraged. Similar to

	nodes they improve access to opportunities
Infill and Densification	In addition to nodes and corridor, infill and densification are tools to pursue spatial integration
Containment	The concept refers to the need to limit inefficient low density development and sprawl
Protection	The term refers to protecting valuable natural, economic or heritage resources. Such as agricultural land wetlands, or scenic landscape
Growth Areas	An extremely important aspect of the SDF is identification of appropriate /future growth opportunities.

Spatial Development Proposals

- A- Northern Development Zones
- B- Central Development Zones
- C- Southern Development Zones

Six Proposed Development Nodes	Proposed Corridors
1. Setlagole Commercial Hub	N18 Western trans frontier , Setlagole –
2. Madibogo Gateway Node	Madibogo (Civic Corridor) , Kraaipan- Setlagole
3. Kraaipan Cultural Node	Corridor (Heritage Corridor) , Mareetsane –
4. Mareetsane Gateway Node	Setlagole Corridor (Mareetsane Corridor) and
5. Disaneng Gateway Node	Disaneng- Makgobistadt Corridor (Border
6. Makgobistadt Border Node	Corridor)

Implementation

The Ratlou SDF will be implemented as follows:

- Through direct investment by the municipality in infrastructure projects
- Policies and guidelines which provide the private sector and other stakeholders with the tools and incentives to implement the proposals
- Alignment with Land Use Management Systems

11. FINANCIAL PLAN

Ratlou budget is MFMA (Municipal Finance Management Act, 2003 (Act No. 56 of 2003)) compliant but the municipality need to address its financial challenges on the following basis:

- Ensuring that the systems introduced continuously improved during the year
- Preserving the municipality's cash flow position
- Introducing efficiency measures to provide resources to ensure value for money for taxpayers
- Further enhance public participation in the next budget cycle
- Continuing to improve on information provided to decision makers
- Ensuring that growth in services is more closely aligned with the communities' expectations

Budget related policies, tariffs and levying rates were adopted by Council (Attached on *Annexure D*).

The tables below give comparative analysis of the Medium Term Expenditure Framework with a focus on the following:

- ❖ 2014/2015 Draft Budget

12. INTEGRATION

12.1. INTRODUCTION

The main objective of this section is the integration of plans and programmes to ensure alignment. This section also has specific focus on the following:

- Consolidate sector programmes/ plans for each sector for operational management and implementation
- Consolidate integrated programmes for crosscutting dimensions of development to ensure consistency and sustainability

Projects are screened for compliance with localized principles and guidelines. Integrated programmes are prepared to form part of the output of the IDP process and include the following programmes and projects.

12.2. RATLOU SPATIAL DEVELOPMENT FRAMEWORK 2012-2017

12.2.1. Legislative Imperative

Municipal Systems Act, 32 of 2000, Section 26 (e) requires a municipality to compile a Spatial Development Framework (SDF) for its area of jurisdiction to serve as a core component of its Integrated Development Plan.

In addition to the aforementioned Act, the formulation of an SDF for a municipal area is also guided by the following:

- Municipal Planning and Performance Management Regulations, 2001
- White Paper on Spatial Planning and Land Use Management, 2001
- White Paper on Local Government, 1998
- National Spatial Development Perspective

The Municipal SDF together with the IDP must:

- Give effect to the principles contained in Chapter 1 of the Development Facilitation Act, 1995 (Act No. 67 of 1995)
- Set out objectives that reflect that desired spatial form of the municipality
- Contain strategies and policies regarding the manner in which to achieve the objectives referred to, which strategies and policies must:
- Indicate the desired patterns of land use within the municipality
- Address the spatial reconstruction of the location and nature of development within the municipality
- Provide strategic guidance in respect of the location and nature of development within the municipality

- Set out basic guidelines for a land-use management system in the municipality
- Set out a capital investment framework for the municipal's development programs
- Contain a strategic assessment of the environmental impact of the spatial development framework
- Identify programs and projects for the development of land within the municipality
- Be aligned with the spatial development frameworks reflected in the integrated development plans of neighbouring municipalities, and etc.

12.2.2. Executive Summary of Ratlou SDF

The SDF seeks to create a spatial environment that supports economic growth and development to the benefit of the people of Ratlou.

The analysis of development in Ratlou revealed that most people are poor, with at least half unemployed. They live in rural villages in which the level of economic activity is low with most people being dependent on subsistence living. Places of employment are generally far from the villages, where more than ninety nine (9) percent of the people live. While the situation is improving, many residents have limited or no access to basic services.

Agriculture is the cornerstones of the Ratlou economy. Ratlou SDF proposal includes the following:

- Redevelopment of Setlagole Commercial Hub
- Provision of new economic, social service and public amenity infrastructure within local development nodes determined through detailed Madibogo Local Area Plan; incorporating Setlagole-Madibogo Civic Corridor and rail node opportunities
- Provision of new economic, social service and public amenity infrastructure within local development nodes determined through detailed Kraaipan Local Area Plan; incorporating local heritage assets and social service infrastructure.
- Provision of new economic, social service and public amenity infrastructure within local development nodes determined through detailed Mareetsane Local Area Plan; incorporating proximity to commercial agriculture and rail node opportunities
- Rural Development and Agrarian Reform
- Development of Ratlou Land Use Management Scheme

*Copy of Ratlou SDF 2012-2017 is attached on **Annexure E***

12.3. RATLOU LAND USE MANAGEMENT SYSTEM INTERIM MEASURES

12.3.1. Background

Land Use Management Scheme is an Implementation tool of a Spatial Development Framework and has got a binding effect in terms of the land use and development. Ratlou Local Municipality does not have a Land Use Management Scheme but measures to develop

one are underway and to date an application for assistance with funding was submitted to Department of Rural Development and Land Reform.

12.3.2. Interim Measures

Ratlou Local Municipality has introduced the following by-laws for control measures as an interim:

- Building Regulation By-law
- Informal and Street Trading By-law
- Prevention of Sites allocation on Future Development Areas
- Refuse/ Waste Management By-law

*Copies of By-laws are attached on **Annexure F***

12.4. RATLOU LOCAL ECONOMIC DEVELOPMENT (LED) STRATEGY

The LED is a component of the Municipality's overall strategic plan as outlined in the IDP process. The strategy provides the municipality with guidelines to create and facilitate economic development, realise the underlying economic development potential, and encourage private sector investment and job creation.

Ratlou LED Strategy was adopted by Council in August 2012.

The Strategy identifies 10 short-term and longer-term thrusts, which are to form focus of the Municipality's LED effort over the next 5 years.

- Strengthening local stake in mining
- Establishment of FET College
- Development and support of co-operatives
- Rural Development and Agrarian Reform
- Branding & Marketing (Signage and Information)
- Implement a system of learnerships, skills programmes and internship
- Local Business Support (through procurement)
- Local and Foreign Investment attraction
- Soft infrastructure for competitive advantage
- Development and implementation of the Tourism Strategy

*Copy of LED Strategy is attached on **Annexure G***

12.5. RATLOU INTEGRATED WASTE MANAGEMENT STRATEGIC PLAN

12.5.1 Overall Aims and Goals

The Draft Integrated Waste Management Plan (IWMP) was developed by Ratlou Local Municipality but was never submitted to Council for adoption so that the municipality is able to provide services on waste management to all households and businesses in its municipal area.

The IWMP provides universal services, cost effectiveness, reduce the negative impact of waste on human health and the environment, maximize job creation and create opportunity to promote Broad-Based Black Economic Empowerment.

12.5.2 Collections and Transportation of Waste

No residential collection services are rendered by Ratlou Local Municipality. Collection service is only rendered to the commercial and trade complex in Setlagole by a tractor-trailer collection vehicle. The private sector role extends to the collection and transportation of medical waste from health facilities.

12.5.3 Treatment and Recycling

There are no formal recycling initiatives. Only two (2) co-operatives were recently formed in Madibogo and Makgobistadt. There is also one recycling project in Setlagole.

12.5.4 Disposal

Unlicensed dump sites are used. The enforcement of by-laws to prevent dumping will be promulgated soon. Disposal of domestic waste is mostly illegal which includes burying, burning and dumping. Sites are not managed according to Minimum Requirements for Waste Disposal in Landfills

Waste is regularly burnt probably releasing toxic Persistent Organic Pollutants into the air and groundwater. Burning waste is not acceptable under National Policy, Legislation and Regulations.

*Copy of Integrated Waste Management Strategy is attached on **Annexure H***

12.6. RATLOU HIV/AIDS POLICY

12.6.1. Background

Municipalities have a constitutional mandate to promote safe and healthy environment. But during the past decades, there has been an exponential growth in the number of HIV/AIDS

infections in South Africa. This growth has been accompanied by greater visibility of the epidemic, especially owing to increased number of AIDS deaths.

The contributory factors for high prevalence of HIV/AIDS and related diseases amongst others are:

- Poverty, gender inequality and orphanage
- Cultural modernization
- Cross border gates and national routes
- Dynamics of growing economy
- Increase in the commercialization of sexual activities
- High unemployment rate
- Low literacy rate
- Alcohol and substance abuse
- High crime rate

The municipality has developed an HIV/AIDS Policy in line with the National Policies and Guidelines.

12.6.2. Objectives

- To provide employment practices and procedures and to combat discrimination and irrational responses to employees living with HIV/AIDS
- To eliminate unfair discrimination in the workplace based on HIV/AIDS
- To promote awareness of HIV/AIDS through education and training of what the disease is all about as well as the rights of all persons with regard to HIV/AIDS
- To promote appropriate and effective ways of managing HIV/AIDS in the workplace

12.6.3. Legal Mandates

- Labour Relations, 1995 (Act No. 66 of 1995)
- Basic Condition of Employment, 1997 (Act No. 55 of 1997)
- Public Service Regulations, 2001
- The Constitution of RSA (Act No. 108 of 1996)
- Promotion of Equality and Prevention of Unfair Discrimination Act No. 4 of 2000
- National HIV/AIDS policy guidelines
- Medical Scheme Act No. 131 of 1998
- Occupational Health and Safety Act of 1993
- Compensation for Occupational Injuries and Disease Act No. 130 of 1993

12.6.4. Interaction with Stakeholders

The municipality will endeavour to interact and utilise available resources to ensure its contributions to the fight against HIV/AIDS. The municipality will interact with sector departments, private sector, CBOs, NGOs etc. and participate in their programmes.

*A copy of HIV/Aids Policy is attached on **Annexure I***

12.7. RATLOU SKILLS DEVELOPMENT (TRAINING AND DEVELOPMENT) PLAN

The municipality places greater emphasis towards capacitating its personnel in line with the Skills Development Act (Act.No.97 of 1998), the Skills Development Levies Act (Act No. 9 of 1999) and the South African Qualification Authority Act (Act No. 58 of 1995).

The municipality has developed a comprehensive Work Skills Development Plan (WSDP) which the Employment Equity Plan forms an integral part and has registered with the Local Government Sector Education and Training Authority.

This legal framework and the National Skills Development Strategy are intended to encourage employers to comply with legislations by so doing:

- Retain skilled personnel
- Continued learning and skills advancement and harness
- Support economic growth for employment creation and poverty eradication
- Promote productive citizens by aligning skills development with national strategies for growth and development
- Accelerate Broad based Black Economic Empowerment and Employment Equity, and
- Help to create a competitive and productive work environment.

*A copy of Work Skills Development Plan is attached as **Annexure J***

12.8. RATLOU EMPLOYMENT EQUITY PLAN

Ratlou Local Municipality recognizes that as a result of none inclusive and other discriminatory laws and practices, there are disparities in employment, occupation and income within the national labour market. The Employment Equity Act No. 55 of 1998 requires employers to promote the constitutional rights of equality and true democracy, by ensuring the implementation of employment equity.

The purpose of this plan is to eliminate identified discriminatory factors in relation to race, gender and disability that have denied access to opportunities for education, employment,

promotion and wealth creation to South Africans including those currently employed by Ratlou Local Municipality.

The plan is also aimed at ensuring that South Africa fulfils her obligations as a member of the International Labour Organization.

12.8.1 Objectives

Ratlou seeks to achieve equity by:

- Promoting equal opportunity and fair treatment to all employees
- Ensuring that employment targets are set, are actively pursued in order to ensure equitable representation of designated groups in all occupational

12.9. RATLOU COMPREHENSIVE HUMAN RESOURCE STRATEGY

A comprehensive Human Resource Strategy plays a vital role in the achievement of an organisation's overall strategic objectives and visibly illustrates that the human resources function fully understands and supports the direction in which the organisation is moving. A Comprehensive HR Strategy will also support other specific strategic objectives undertaken by the financial, operational and technical departments.

In essence, an HR Strategy should aim to capture "the people element" of what an organisation is hoping to achieve in the medium to long term, ensuring that:-

- It has the right people in place;
- It has the right mix of skills;
- Employees display the right attitudes and behaviours, and
- Employees are developed in the right way.

If, as is sometimes the case, organisation strategies and plans have been developed without any human resource input, the justification for the HR strategy may be more about teasing out the implicit people factors which are inherent in the plans, rather than simply summarising their explicit "people" content.

An HR Strategy will add value to the organisation if it:

- Articulates more clearly some of the common themes which lie behind the achievement of other plans and strategies, which have not been fully identified before; and
- Identifies fundamental underlying issues which must be addressed by any organisation or business if its people are to be motivated, committed and operate effectively.

The first of these areas will entail a careful consideration of existing or developing plans and strategies to identify and draw attention to common themes and implications, which have not been made explicit previously.

The second area should be about identifying which of these plans and strategies are so fundamental that there must be clear plans to address them before the organisation can achieve on any of its goals.

12.10. RATLOU STRATEGIC AUDIT PLAN (DRAFT)

As per standard for the Professional Practice of Internal Auditing, the Internal Audit Plan was prepared for Ratlou Local Municipality. This Internal Audit Plan was prepared in order to confirm the scope of internal audit activities for the year ending 30 June 2015. The plan also includes a 3 year rolling component i.e. the 2014/2015 financial year interim plan as well as a proposal for areas to be covered in the next three financial years.

The municipality have in place the risk management framework and the Internal Audit Function has taken into consideration the below-mentioned:

- 2014/2015 Risk Assessment Report;
- Risk Register;
- Fraud Prevention Plan;
- Risk Report;
- IDP;
- Service Delivery Budget Implementation Plan;
- Prior year Auditor General's Reports ;
- Municipal Control Environment.

This exercise has limited the focus/ priority areas to finance & operational risks and such management does not have any mitigation measures in place to address any other risks that might arise. The municipality has to appoint heads of departments as risk owners. The heads of departments should be given the risk register so that they can update the register on a regular basis. The internal Audit will on a quarterly basis review the risk register and make recommendations where appropriate.

The risks identified and rated during the risk assessment forms the basis for this risk based Internal Audit plan prepared in terms of International Standards for the Professional Practice of Internal Auditing - Performance Standard No. 2010.

The Internal audit Function takes into consideration the overall risk at financial statements and the risk at an assertion level.

The Draft Internal Audit Plan has been prepared for the approval by the Audit Committee and it contains the extent of planned Internal Audit activities for the 2014/2015 financial year as well as the subsequent three year rolling plan.

12.11. RATLOU PERFORMANCE MANAGEMENT SYSTEM

The municipality has adopted its reviewed performance management system on the 14th February 2013 to enable it to continuously monitor and evaluate its performance. This framework is a consulted final document which has received a buy in all of relevant stakeholders as required by law.

The municipality has appointed an official who will be directly responsible to ensure that a successful implementation of the system in consultation with all officials appointed by the municipality to ensure accelerated service delivery.

The process of ensuring that all stakeholders have a clear understanding of as to how the system will unfold is being done through workshops for various departments within the Ratlou Local Municipality.

The alignment of Priorities, objectives and targets in this IDP will serve as the baseline of the Top Layer Service Delivery and Budget Implementation Plan which will be published to form the basis of a contract between Council and the community. The Top Layer SDBIP will be cascaded into the Technical SDBIPs which will serve as departmental annual service delivery plan. The system will be completed by the signing of performance agreements by all officials within the municipality to ensure that, equitable distribution of service delivery is successfully achieved in the interest of our communities.

Monitoring tools for the implementation of the IDP will include, Monthly Budget Statements that will be submitted to the Mayor and Provincial Treasury, Quarterly reports to Council

reporting on service delivery and the financial state of the municipality, mid-term budget and performance assessment reports and annual reports. The signing of performance Agreements, individual work plans and monthly reporting with evidence of performance will ensure accountability by all role players.

Since the system requires the promotion of a culture of performance management on both political structures and administration we will ensure that our councillors are properly trained to ensure a common understanding of the system as they form part of service delivery enhancement.

After the council has approved the IDP Review and Budget, work will be started in earnest to develop the Service Delivery and Budget Implementation Plan, as part of an operational plan for 2014/2015 financial year.

13. CONCLUSION

The Draft Revised IDP/Budget 2014/2015 is a culmination of a series of meetings and engagement with stakeholders including the sector departments. A successful strategic planning session held at Christiana on the 30 - 31 October and 01 November 2013 attended by sector departments and other stakeholders in the municipality, deliberated on different development programmes and projects with the objective of working towards realizing the vision set by the municipality.

The Draft Revised IDP/Budget 2014/2015 will be presented at various public meetings for comments and inputs. Inputs and comments made will then be considered before submission to Council for adoption in May 2014.
